

# GLIDEMASTER MOBILE LIFT

## THE NEW GENERATION OF MOBILE LIFT & MOVE.

Lift and move vehicles, caravans, trailers and cargo easily and safely. The Cartar Glidemaster Mobile lift is the first truly mobile lift that allows you to elevate from a ground height of only 100mm. There are many lifts that are portable, but once elevated, they become a static fixture. Only the Cartar Mobile Lift is truly mobile.

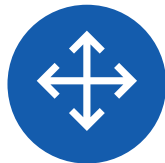

- » Long lasting rechargeable battery
